

Creative Engineering Design Competition (CEDC2013)

for undergraduate and graduate students

Dec. 2(Mon) - 5(Thu), 2013
DLUT Convention Center, Dalian, China
<http://ire-asia.org>

CEDC2013 Steering Committee

Hiesik Kim, Univ. of Seoul, Korea
Qingkai Han, Dalian Univ. of Tech., China
Zhongwei Jiang, Yamaguchi Univ., Japan
Tianmin Guan, Dalian Jiaotong Univ., China
Yuqing Song, Jiangsu Univ., China

CEDC2013 Executive Committee

Hiesik Kim, Univ. of Seoul, Korea
Fumitate Fujii, Yamaguchi Univ., Japan
Minoru Morita, Yamaguchi Univ., Japan
Liping Wang, Univ. of Sci. and Tech. Liaoning,
China
Hongkun Li, Dalian Univ. of Tech., China
Huixia Liu, Jiangsu Univ., China
Jiao Wang, Yan Tai Univ., China
Jigang Wu, Hunan Univ. of Sci. & Tech., China
Jing Wei, Dalian Univ. of Tech., China
Jung Hwan Lee, Kunsan National Univ., Korea

Organized by

Dalian Univ. of Tech., China
Yamaguchi Univ., Japan
Univ. of Seoul, Korea
Kunsan National Univ., Korea
Hunan Univ. of Sci. and Tech., China
Jiangsu Univ., China
Shanghai Jiaotong Univ., China
YanTai Univ., China

Sponsored by

Suzhou Dongling Vib. Test Instr. Co. Ltd, China
Chinese Society for Vib. Engineering, China
The Korean Society of Mechanical Engineering,
Korea

Welcome to CEDC2013

To encourage engineering students create design solutions to real-world problems, Creative Engineering Design Competition (CEDC) will be held as a special session of International Conference on Innovative Application Research and Education (ICIARE'2013). Students with brilliant engineering design ideas are encouraged to submit their proposals and to demonstrate their talents in front of world-renowned experts in design and manufacturing. Submitted reports are judged on the basis of creativity, practicality, integrity of analysis and design methodology, and quality of a fabricated prototype and a final report. All participants of CEDC will be recognized by the conference chair and winners will be presented with awards including certificates and cash prizes. CEDC will also host a round table of international social exchange that can be a seed for possible future international collaborations between attendants

Eligibility and Scope

Any graduate or undergraduate registered as a full-time student is eligible to participate. Both individual and group projects are welcome. An individual may participate in several entries provided each submission is on a different subject.

Judging

The judge committee includes experts of ICIARE2013 from both academia and industry. The project posters will be evaluated based on the contents and a 5 minute oral presentation at the CEDC2013 session. Prototype demonstration of the proposed design idea is requested as on-site demonstrations.

Awards

Award certificates and other prizes will be presented at the conference closure ceremony. The prizes will be distributed among the members in each winner team. All participants of CEDC2013 will receive recognition from the conference and organizing committee.

Important Dates

Abstract submission	Oct. 30, 2013
Poster submission	Nov. 20, 2013
On-site registration	Dec. 2, 2013
Conference date	Dec. 4, 2013
Technical tour	Dec. 5, 2013

Poster format

Download the format from the website and send to cedc_staff@ire-asia.org.

Registration

The registration fee is US\$100 or 650 RMB per team.

Accommodation

The conference place, Convention Center at Dalian University of Technology, can provide accommodation. The participant who needs us to reserve the hotel room please state in registration form. Detailed information of accommodation reservation will be available in the registration form.

Venue

Dalian is a very popular destination among Chinese tourists and foreign visitors. The impression Dalian gives to the world is of a city of lawns, squares, fountains and gardens. Numerous bathing places and beaches in the city are popular venues for the locals to relax from everyday work and stress. Located to the southwest of Dalian is Lushun, the former military and strategic port colonized by Russia. Today it is a place with museums and historical sites for tourists to learn the history of the city.

The conference will be held in the Convention Center of Dalian University of Technology which is located at the southwest of the center of Dalian city and about 13 km from the Dalian international airport or Dalian railway station.
