Welcome to ICIARE 2016

On behalf of the ICIARE2016 Committee, we are delighted to invite you to ICIARE 2016, which will be held in Chungbuk National University(CBNU), Cheongju, South Korea during December 22-25, 2016. The objective of ICIARE 2016 is to provide a platform for researchers, academics as well as college students from all over the world to present their results and activities in application researches and innovative educations. This conference provides opportunities for the delegates to exchange new ideas and application experiences face to face, to establish business or research relations and to find global partners for future collaboration.

Related fields and topics

Any topic related to innovative application research and education fields is welcome. Since the academics and experts are from different fields with different background knowledge, we expect that the participants will present their research or education results in such a way: explaining the research background and idea in detail; easy-understanding explanation on the theory and results; pointing out the unresolved issues to provide the possibilities for other researches working together.
